**FIP - Formatura Iniezione Polimeri**

Loc. Pian di Parata,  
16015 Casella Genova Italy

Tel. +39 010 9621.1

Fax +39 010 9621.209

info.fip@aliaxis.com

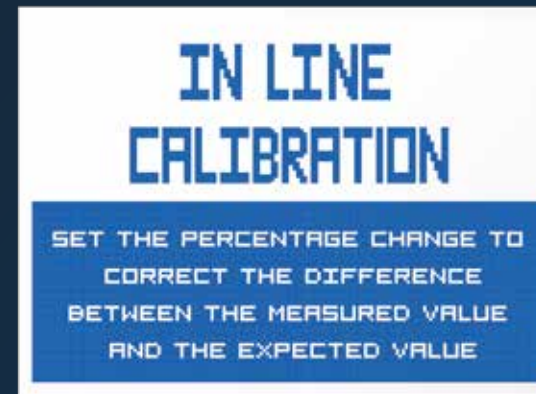

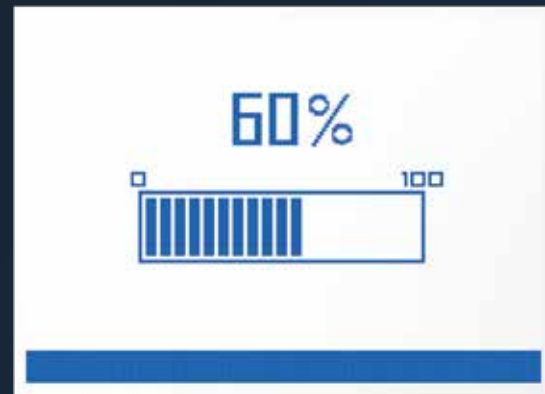

[www.fipnet.com](http://www.fipnet.com) - [www.flsnet.it](http://www.flsnet.it)

**FLS MONITOR**  
USB Version

**Ask for the software with a customized function for maximizing the device's flexibility**

Tailor the instrument's features to your system, requiring new output functions, a specific view level layout or a different backlight setting

**Ask for the software including a language of your choice to simplify the use of the instrument**

Give to all your customers guided procedures, help on board and technical tips in their own language

## WITH A SPECIAL FUNCTION

## WITH THE COMPANY LOGO

**Ask for the software with your company logo and info to get the customer loyalty**

Become the reference point for your customer displaying your company info on the view level and at the switching on

## WITH A NEW LANGUAGE

## A CONTINUOUS IMPROVEMENT

- New font design
- Innovative software functions
- Simplified guided procedures
- Enhanced help on board

To require the new Customization Service, please contact FLS Product Manager Alberto Claveri [aclaveri@alixis.com](mailto:aclaveri@alixis.com) - Tel. +39 010 9621340
